

# SAATHI PROGRAMME

HELP Saathi Programme is a paired and paid voluntary teaching placement for passionate young graduates to teach at basic schools in the local communities.

This programme supports the schools with fewer teachers along with extensive professional development of teachers in close collaboration with the local government.

## ABOUT US

HELP is a grassroots NGO established in 2009 with the aim of improving the quality of education at local government schools. It aims to achieve this by working with local communities to connect them with the resources they need.

HELP works in partnership with MondoChallenge Foundation. They are a UK-based charity that provides sustainable support for education and livelihoods in developing countries through community based programmes.

# SCHOLARSHIP PROGRAMME

Our scholarship programme is vital in allowing the children we support to reach their full potential. We aim to help bright, passionate and talented children who come from poor financial background to pursue their goals.

Awarded over  
scholarships to students  
pursuing higher education

# OUR ACHIEVEMENTS

- Provided over **1000+** desks and **400** whiteboards, among other teaching resources .
